Important information:

Audi is planning the event at locations and on days when the necessary weather conditions can usually be expected. In winter, the event is held on an outdoor ice rink specially prepared for this purpose. The safe and high-quality implementation of the event depends on the existence of the weather conditions required for ice formation (constant temperatures below 0 degrees Celsius) for a sufficient period of time before and during the event.

Nevertheless, unpredictable weather conditions can also occur shortly before or during the event, which prevent the event from taking place for safety reasons (summer and winter).

Audi therefore reserves the right to cancel the event or the entire trip at short notice before the start of the trip. **Audi recommends taking out travel cancellation insurance or booking tickets for arrival and departure that can be cancelled at short notice**
